

Casey and Natalia Wedding song - February 2026

To the tune of My Shot by Lin Manuel Miranda

Written and performed by the Simon family

Casey's not throwing away his... shot
(Though as a doctor he might order a... shot)
Now he's found his soul mate
It was worth the wait
So say L'chaim and drink your ... shot

For his high school education he went to Berman
Where he did some great secular and Judaic learnin'
Then off to Brandeis, getting wiser and wiser
Decided to give medical school a try, Sir
So off to VCU very cool no theatrics
Then Rutgers for a longer stint in pediatrics
And now he's at Yale, what a tale, we couldn't be you
Helping all those kids in pediatric ICU

Natalia grew up in Teaneck, then she trekked
Cross the river to Columbia U., then what the heck
Try the west coast for a change, that was strange
So back to NYC, where robots she did arrange
When she's not finding shrooms (Mycological Society)
She builds robots to dip the apple in honey
Or light a Menorah, shake the lulav, spin a dreidel
Ain't no fable, she is so completely able
And she's not throwing way her... shot
Makes mitzvah-performing ro ... bots
She didn't need no ploy
To find her nice Jewish boy
So say l'chaim and drink your... shot

(Whoa Whoa Whoa-oo-oo, Whoa-oo-oo Whoa-oo-oo yeah) X2
Rise up, from your downward dog in yoga
Rise up, after a daf of Megillah
Rise up, from a fast kayaking thriller
Rise up Rise up

Casey drives an electric car, that's pretty neat
But Natalia has it beat, no one in her driver's seat
Yeah she makes driverless cars for Waymo
Nothing 'bout these two is... same old same old
Like creating UWS slash slash Jews

I'm confused, are these slashes just to amuse?
And there's also her group People Who Like Doing Things
How will she still make the time, now that she has a ring?

They are not throwing away their...shot
And we're so glad they tied the... knot
They're young and smart and happy
So before this gets too sappy
Say I'chaim with all you... got
